

Caroline County, Maryland, Administration Accounts Index, 1703-1776

DECEASED and Administrators

By Gary Noble Willis, 2019

1) Page numbers are from the original accounts book available online at FamilySearch.org. Page numbers followed by "b" indicate the facing page of the same number. NOTE: Beginning at page 160, each page has a sequential number rather than the same number as a facing page.

2) Corrections graciously accepted via email at redmarker181969@yahoo.com

3) I have "guessed" at a woman's prior married name(s) based on her status as administratrix or executrix for a man currently not her husband. These estimates are not based on any other evidence.

4) Many of these accounts list survivors including the widow and children. Some indicate children of age versus minors.
